## Proven products that go the distance, bringing learning spaces to life

It takes many ingredients to build great learning environments, but sitting at the heart are the things you put into them, the springboards for everything else that happens and that's where we come in.

For over 60 years, Sebel have sweat the small stuff to ensure schools have the best products that do the job and go the distance.

Back in 1951, Harry Sebel believed students deserved better, so he did something about it by designing innovative durable furniture.

We still do that today. We reckon education's about as important as it gets – and we're proud to support it all the way.

Proudly Australian-made, we make most of our products in our Sydney factory. Come and visit us and you'll see the care and craftsmanship that goes into creating our iconic products that are made to last.

All our products have to prove they serve a purpose, or they don't make it off the drawing board

It's why we still produce the world's biggest selling and most comfortable classroom chair, the Postura®.

Everything we create is designed to enhance a variety of learning spaces. We do the research, listen and learn, then design the best solution for every need. We apply serious engineering and genuine craftsmanship to create flexible, comfortable, clever, durable furniture that works as a system.

We love what we do, it's in our bones and we're always happy to have a chat about what might work best for you.

So give us a call and we'll do all we can to help create genuine building blocks to great learning.

Harry Sebel was an engineering genius, perfectionist and pioneer.

His belief that students deserved better is what led us to create Australia's most iconic school chair – and it's this belief that continues to inspire us today.

sebel

Harry Sebel

## We do our homework before we design

**Research has always guided our product design. It's no good 'having a hunch' – we regularly talk to teachers, students and educators to understand where the issues are and what the goals look like, here and around the world.**

Learning environments change; our commitment to proven products that go the distance is constant.

Sebel products are built to be robust, comfortable, good looking and functional – they're also designed for maximum flexibility and multi-modal applications.

They thoughtfully support the transitions between various modes of learning, allowing spaces to be quickly and easily transformed by teachers and students.

**We're constantly listening, learning and seeking to understand where the issues are and what the learning goals look like. We design our products around those insights.**

### Our Research

Sebel products provide lasting value because we understand the changing environment in which they work.

The modern learning environment has become increasingly complex using new pedagogies such as flipped learning, experiential and project-based learning.

At Sebel we're on a constant journey of discovery and research to understand the role our furniture plays in the physical learning space.

We've collaborated with thousands of educators, leaders, principals, students and other stakeholders so we know it's not enough that our furniture is well researched and made to the highest quality - it also needs to be designed with flexibility and modularity in mind and support transitions between various modes of learning and allow spaces to transform quickly and easily.

## We love what we do and we're always happy to help

**Our talented team are here to help you select the right furniture for your spaces, within your budget and to your requirements. We're very proud of our products and we're always happy to have a chat about what might work best for you.**

We have loads of customer-driven ideas and insights that you can tweak and play around with to make your own ideal learning spaces that will engage and inspire your students.

# Sebel foundations for performance

Everything we design and build has to meet our five foundations to support the best learning spaces.

1

## Smart Research

Finding the true insights to create the best products.

2

## Serious Engineering

Scientific smarts to build products that last.

## Our Quality Commitment

At Sebel, we take quality production very seriously. Proudly over-engineered, you'll find no thin moulding or cheap plastics here.

We are so serious that we have our very own independent NATA certified testing facility. You can be sure that all of our products are tried and tested to survive the toughest of environments.

We also hold certificates for various global quality standards, including:

- NATA World Recognised Accreditation
- ISO 9001 Quality Management System as a quality accredited manufacturer
- ISO 14001 Environmental Management Systems Certification

3

## Genuine Craftsmanship

Skills and time to craft comfortable, good looking furniture.

4

## Flexible Design

Smart design for quick and easy reconfiguration.

5

## Modular Connection

A perfect fit that works as a system.

We've applied our five foundations to clever ideas for school learning spaces.

## Ideas for Years 7-12 Learning Spaces

### Create future-focused and student-centric spaces with products that provide lasting value

The modern learning environment has become increasingly complex as educators explore what it means to be “**learner-centric**”.

At Sebel we’re on a constant journey of discovery and research to understand the role our furniture plays in the physical learning space.

We’ve collaborated with thousands of educators, leaders, principals, students and other stakeholders so we know it’s not enough that our furniture is well researched and made to the highest quality - it also needs to be designed with flexibility and modularity in mind and support transitions between the various **modes of learning**, allowing spaces to transform quickly and easily.

Our spaces are designed to support a fluid transition between content delivery, individual study, groupwork, discussion groups/presentations and back again.

**Discover pages of student-centric solutions using our great products >>**

Our furniture quickly and easily moves around to create a variety of settings that will suit any of the 8 learning modes you may need to create during class.

Transform your classrooms in seconds using the same pieces of furniture

## Blended Space

Fits 30 students (64 sqm footprint)

Our 'Blended Space' concept is based around a blended learning environment that provides a variety of settings and destinations for a variety of activities.

Students move through their subjects at different paces and require different areas to research on their own, work in private with a group or listen/watch teacher demonstrations.

The furniture used within Blended Space can be moved around easily, giving students and teachers the option to work in small groups, while others can work independently or in large groups to research, create and develop their projects.

### We'll help you create your perfect space

We can work with any budget and any requirement. For instance, if you are looking for student movement, we could swap out our Postura Max® Chairs and replace with our Intellect Wave 4 Leg on Castors Chairs, and the space would still work perfectly!

## Creating the space:

- 1 MantaRay Tables x 6
- 2 Create-A-Space Benches x 3  
[1500mm(W) x 900mm(D) x 900mm(H) OR 955mm(H)]
- 3 Postura Max® Chairs x 18  
[Size 6]
- 4 Postura® Focus Stools x 12  
[Seat height 650mm]
- 5 Big Softie Bloc Ottomans on Castors with Low Backrest x 2  
[1200mm(W) x 600mm(D) x 720mm(H); Seat height 430mm]
- 6 Pirouette Nesting Table x 1  
[1200mm(W) x 600mm(D) x 720mm(H)]
- 7 Mobile Teachers Station x 1  
[Drawers OR Door option available]

Available in practically every colour under the sun

Choose a custom colour or from our huge favourites range!

Designed here, made here, and loved by generations of Australians

## Family of Champions

Postura® Plus  
Music Chair

Postura® Plus  
Stool

Postura® Focus  
Stool

Easily transition from content delivery to group-based work!

## MantaRay Hybrid

### Fits 30 students (64 sqm footprint)

Our 'MantaRay Hybrid' uses the collaborative shape and smart footprint of the MantaRay to create usable space within the classroom for students to be interactive and mobile.

This space supports varying group sizes of 3 through to 9 with minimal or no movement of furniture and no disruption. The tables provide ample desk space for each user to have a large laptop and coursebook. Students are never fighting for bench space.

#### We'll help you create your perfect space

We can work with any budget and any requirement. For instance, if budget is your focus, we could swap out our Intellect Wave Chairs and replace with our much loved Postura Max® Chairs, and the space would still work perfectly!

### Creating the space:

- 1 MantaRay Tables x 6
- 2 Create-A-Space Benches x 3  
[1500mm(W) x 900mm(D) x 900mm(H) OR 955mm(H)]
- 3 Intellect Wave Chairs x 18  
[4 leg on castors]
- 4 Postura® Focus Stools x 12  
[Seat height 650mm]
- 5 Mobile Teachers Station x 1  
[Drawers OR Door option available]
- 6 Postura® Plus Stool x 1  
[Seat height 650mm]

**Flexible for various group sizes from just a few to nine and easily reconfigured to a tutorial space!**

### Key Product

## Collaboration made easy with our MantaRay

MantaRay's collaborative shape creates usable space within the classroom. It's non-hierarchical shape supports collaboration and allows students to easily view information being delivered.

Perfect for group collaboration, when formed in a cluster of 3, it can seat up to 9 adults comfortably.

Its stylish fluted leg system offers both aesthetic appeal & stability, whilst the castor on the inside of the leg offers ease of movement, enabling easy transition from small to large groups.

Available in 1560mm(W) x 1000mm(D) x 720mm(H).

Tabletop available in a range of standard laminates or writeable surface.

With ample desk space for a large laptop and coursebook per user, students are never fighting over table space!

Reconfigure the space to keep it fresh and mix it up.

All students learn in their own way. The 'Idea Incubator' allows students the freedom of choosing where to sit (or stand) on any given day!

## Idea Incubator

### Fits 30 students (64 sqm footprint)

The 'Idea Incubator' is the ideal hybrid space allowing for multiple transitions and configurations, giving you the flexibility and freedom to go from content delivery and demonstration to dynamic group work at ease.

The student can personalise their own learning space by choosing their preference for the day from sitting on our soft furnishing in a group setting to sitting at a table as a group or simply standing at the Create-A-Space Bench.

The 'Idea Incubator' is a tiered space, allowing for improved sightlines between student and facilitator and enhancing student engagement.

#### We'll help you create your perfect space

Customise your space by choosing your colour scheme to make it your own. Include writeable tops on the Pirouette Tables to add an extra dimension to group work.

### Creating the space:

- 1 **Pirouette Nesting Tables** x 4  
[1370mm(W) x 685mm(D) x 720mm(H)]
- 2 **Create-A-Space Benches** x 3  
[1500mm(W) x 900mm(D) x 900mm(H) OR 955mm(H)]
- 3 **Intellect Wave Chairs** x 8  
[4 leg on castors]
- 4 **Postura® Plus Stools** x 12  
[Seat height 650mm]
- 5 **Big Softie Worm Ottomans on Castors with Low Backrest, Long Edge** x 8  
[1072mm(W) x 600mm(D) x 720mm(H); Seat height 430mm]
- 6 **Focus Pedagogy Tables** x 2  
[1350mm diameter, Table height 710mm]
- 7 **Twist'n'Lock® Height Adjustable Semi Targeted Teacher Table** x 1
- 8 **Ergos High Back Task Chair** x 1

Customise your learning space by choosing colours and options that suit you!

## Key Product

## Freshen up your spaces with our Intellect Wave

Engineered to withstand the toughest classroom use, Intellect Wave Chairs are incredibly durable, and their clean visual form creates a fresh modern look.

The unique shell design has all the proper curves to support ergonomics and provide exceptional comfort. Its elliptical tubing provides superior strength and the lightweight polypropylene shells resist scratching, fading, chipping and denting. The result is classroom seating that looks great and gives you years of low maintenance service.

### Our range includes

Intellect Wave Chair 4 leg on Castors

Intellect Wave Cantilever Chair

Intellect Wave Gaslift Chair

AVAILABLE IN A VARIETY OF FRAME STYLES AND SHELL COLOURS

Great space for concentration with minimal furniture rearrangement required!

Reconfigure from small to larger groups!

## StingRay Space

Fits 30 students (64 sqm footprint)

'StingRay Space' uses the collaborative shape and smart footprint of the Engage StingRay, creating usable space in the classroom for students and teacher. 'StingRay Space' allows students to easily view the information being delivered from all angles.

The Engage StingRay Table features a stylish fluted leg system which offers aesthetic appeal and stability. The Tables have ample room for each student to personalise their space, easily allowing a laptop or coursebook to fit.

'StingRay Space' makes a great tutorial setting, allowing for groups of 2, 4 and 6. Reconfiguring the room is a breeze with the Engage StingRay Table as it is very easy to manoeuvre.

### We'll help you create your perfect space

Customise your space by choosing your own table top colours.

Restricted budget? Swap out the Intellect Wave Chairs for our popular Postura Max® Chairs and save!

## Creating the space:

- 1 Engage StingRay Tables x 15
- 2 Intellect Wave Chairs x 30  
[4 leg on castors]

- 3 Mobile Teachers Station x 1  
[Drawers OR Door option available]

Perfect for collaboration!

## Key Product

## Create dynamic spaces using our Engage StingRay

Engage StingRay's collaborative shape and smart footprint creates usable space within the classroom for students and teachers. Its non-hierarchical shape supports collaboration and allows students to easily view information being delivered.

When formed in a cluster of 3, the Engage StingRay can seat up to 6 adults comfortably. Its versatile design also enables it to be set up for groups of 2-4 quickly and easily.

With its stylish fluted leg system, it offers both aesthetic appeal and stability, making it perfect for any environment. The castor on the inside leg offers ease of movement, enabling easy transition from small to medium groups.

Engage StingRay is part of the Engage range. Working perfectly with the rest of the range, you can create a variety of collaborative and dynamic settings to transform your spaces.

Reconfigure from small to larger groups!

## Positive Progress

Fits 30 students (64 sqm footprint)

'Positive Progress' encourages student collaboration and connection between teacher and students. The space allows students to easily view the information being delivered from all angles.

The space allows for easy reconfiguration and is adaptable to multiple learning modes, including group based learning and lecture mode.

### We'll help you create your perfect space

Colour your space with your ideal colour palette – Progress comes in a huge range of colours to suit any environment. Add writeable tops to add an extra dimension to your learning environment.

## Creating the space:

- |   |   |
|---|---|
| 1 Engage StingRay Tables x 7                                    | 4 Engage Trapezoidal Tables x 4                                     |
| 2 Engage Single Tables x 4<br>[750mm(W) x 685mm(D) x 720mm(H)]  | 5 Mobile Teachers Station x 1<br>[Drawers OR Door option available] |
| 3 Engage Double Tables x 2<br>[1370mm(W) x 685mm(D) x 720mm(H)] | 6 Progress Side Chairs x 30<br>[Seat height 460mm]                  |

## Bringing people together using Progress

Australia's favourite hall chair, Progress provides you with a generous sized seat for serious comfort and support for all your functions, student gatherings, events and learning activities.

The versatility and flexibility of Progress is endless – we can link, add arms, add a seat pad, provide full upholstery or stamp your school logo on the chair!

Linkable, stackable and lightweight, Progress is the perfect choice for auditoriums right through to libraries and classrooms.

Proudly Australian-made

## Our range includes

Available in a huge range of shell colours, along with upholstery options and leg colours.

Fully Polypropylene

Fully Upholstered

Seat Pad

Seat and Back Pad

Unrivalled on durability and comfort, Progress is the go-to choice when bringing people together.

Linking Option

Key Product

2D mixed height learning space allows the student the choice of seated or standing learning on any given day!

Transform your classroom in seconds using the same pieces of furniture

## Mixed Height Pirouette Fits 30 students (64 sqm footprint)

'Mixed Height Pirouette' creates the ideal 2D tier environment, enhancing sightlines between student and teacher and supporting standing collaboration. The 2D space allows students to choose their learning experience based on their energy and mood for that day; opting for either a seated or standing position.

Pirouette's linear shape and flexibility allows users to reconfigure the space and create curved lecture, collaborative and discussion spaces with ease. The Pirouette is superbly mobile and also features a simple and convenient flip mechanism.

Pirouette is available with writeable tops, allowing for an extra dimension of collaboration and demonstration in the classroom.

### We'll help you create your perfect space

Make this space your own by altering the ratios between desk height and standing height. Select writeable tops to add an extra dimension of usability to the learning environment. Choose the colour scheme of your chairs and create the right feel for your learning environment.

## Creating the space:

- 1 **Pirouette Nesting High Tables** x 3  
[1500mm(W) x 750mm(D) x 900mm(H)]
- 2 **Pirouette Nesting Tables** x 10  
[1370mm(W) x 685mm(D) x 720mm(H)]
- 3 **Postura® Plus Stools** x 13  
[Seat height 650mm]

## Add flexibility and style to your spaces with Pirouette

The Pirouette is a clever fusion of sophistication, simplicity and functionality.

Its clean design, superior quality and 'leg within leg' nesting solution sets it apart from standard nesting tables. Popular with schools and universities across the globe, the Pirouette easily reconfigures and nests for simple storage and adaptability.

Available in a range of styles, sizes and heights, the Pirouette collection is designed to maximise space and flexibility, support ideation and dynamic presentation of ideas.

## Our range includes

**Pirouette Rectangle Tables  
(Fixed and Nesting)**

Available in a variety of sizes and heights.

COMBINE WITH  
OUR BIG SOFTIE  
RANGE AND  
CREATE YOUR  
PERFECT BREAK  
OUT ZONES

A variety of other Pirouette shapes including Curves, Guitar Pick and 120° Scale up can be used to complement our extensive soft furnishing range.

Connect and engage in in-depth learning!

Reconfigures to create lecture mode and group work based modes!

## Central Focus

Fits 30 students (64 sqm footprint)

'Central Focus' is a simple yet effective space that encourages excellent student engagement and allows all students and teacher to feel connected. A great space for in-depth learning and discussion, it moves away from the 'front and back' classroom environment.

Students can choose and customise their learning space from a seated worksurface to seated soft furnishings.

This space allows for reconfiguration and is adaptable to multiple learning modes, including group based learning and lecture mode.

### We'll help you create your perfect space

So many opportunities in this space. Colour the space with your choice of chair colours, table top colours and options such as writeable tops. We can work with any budget, swapping out the Intellect Wave Chairs for our Postura Max® Chairs.

## Creating the space:

- 1 Engage Single Tables x 8  
[750mm(W) x 685mm(D) x 720mm(H)]
- 2 Engage Double Tables x 8  
[1370mm(W) x 685mm(D) x 720mm(H)]
- 3 Intellect Wave Chairs x 28  
[4 leg on castors]
- 4 Mobile Teachers Station x 1  
[Drawers OR Door option available]
- 5 Ergos High Back Task Chair x 1
- 6 Big Softie Round Ottomans x 3
- 7 Twist'n'Lock® Height Adjustable Round Tables x 2
- 8 C Shape Laptop Table x 1
- 9 Big Softie Worm Ottomans on Castors with Low Backrest, Long Edge x 2  
[1072mm(W) x 600mm(D) x 720mm(H); Seat height 430mm]
- 10 Big Softie Clique Ottomans on Castors x 2  
[1444mm(W) x 450mm(D) x 430mm(H)]

Flexibility for the student to personalise their own learning experience!

## Key Product

# The ultimate new table range - Engage

Designed to work beautifully in all general learning areas, the new Engage Table range offers style and functionality. The range offers ease of movement, enabling easy transition from small to medium groups, suiting all environments.

With stylish fluted legs, it offers both aesthetic appeal and stability for your classroom spaces. The variety of table top shapes work perfectly together to create dynamic and collaborative spaces.

Tabletop available in a range of standard laminates or writeable surface.

Warm Grey legs.

## Our range includes

Engage Double

Engage Single

Engage Round

Engage Trapezoidal

Engage StingRay

Keep students engaged in an active learning environment encouraging movement to keep the energy levels high!

## Create-A-Great Space

### Fits 30 students (64 sqm footprint)

'Create-A-Great Space' enhances sightlines between student and teacher; it connects students together and supports collaboration. Students can choose between sitting, standing or a mixture of both and are free to move around with plenty of space to work with.

When students can move about easily they are more interactive, collaborative, energised and engaged. Movement is absolutely key to the learning experience, creating an active environment.

#### We'll help you create your perfect space

Choose from an extensive range of coloured tabletop options including writeable tops. Pair the Benches with your choice of Stools and/or allow for standing space.

## Creating the space:

- 1 **Create-A-Space Benches** x 6  
[1500mm(W) x 900mm(D) x 900mm(H) OR 955mm(H)]
- 2 **Postura® Plus Stools** x 30  
[Seat height 650mm]
- 3 **Mobile Teachers Station** x 1  
[Drawers OR Door option available]

Choose from an array of tabletop options and colours including writeable!

## Key Product

## Create the space you need with our Create-A-Space Benches

Stand at it, sit at it, move it around, or lock it down – you can create the space you need with our Create-A-Space Benches. Perfect for tiered, interactive and collaborative learning environments, they allow for easy movement and enhance sightlines between students and teachers.

Ideal for maker spaces, informal and formal learning areas including classrooms, common rooms, meeting rooms and libraries.

The all-welded steel frame offers stability without crossbars, reducing interference with stools and also allows for space to store trolleys or other products underneath the bench.

### Our range includes

1500mm(W) x 900mm(D) x 900mm(H)  
1500mm(W) x 900mm(D) x 955mm(H)  
1500mm(W) x 900mm(D) x 1050mm(H)

#### D-End

1730mm(W) x 900mm(D) x 900mm(H)  
1730mm(W) x 900mm(D) x 955mm(H)  
1730mm(W) x 900mm(D) x 1050mm(H)

Tabletop available in a range of standard laminates or writeable surface.

Warm Grey frame.

Reconfigure the space easily for content delivery and presentation model!

The ultimate team-based problem-solving environment!

## Gallery Idea

Fits 30 students (64 sqm footprint)

'Gallery Idea' is the space where you can support team based problem solving and act as a mentor to the groups. A space where the students can really become themselves, collaborate, discuss, problem solve and work closely with their peers.

The students can choose their own experience based on their individual or group needs from standing tables and benches, to spacious and comfortable soft furnishings or seating. The choice is theirs, an environment for them to make their own and excel as a group.

### We'll help you create your perfect space

Make this space your own by customising your furniture colours and options. Change up the chair type to suit your budget. Think about how you might reconfigure the space for content delivery, presentation or lecture mode or ask our friendly team for some inspiring ideas for this space.

## Creating the space:

- 1 **Create-A-Space Benches** x 3  
[1500mm(W) x 900mm(D) x 900mm(H) OR 955mm(H)]
- 2 **Postura® Plus Stools** x 12  
[Seat height 650mm]
- 3 **Mobile Teachers Station** x 1  
[Drawers OR Door option available]
- 4 **Pirouette Nesting Tables** x 5  
[1370mm(W) x 685mm(D) x 720mm(H)]
- 5 **Intellect Wave Chairs** x 9  
[4 leg on castors]
- 6 **Big Softie Bloc Ottoman on Castors with Low Backrest** x 1  
[1800mm(W) x 600mm(D) x 720mm(H); Seat height 430mm]
- 7 **Big Softie Worm Ottomans on Castors with Low Backrest, Long Edge** x 4  
[1072mm(W) x 600mm(D) x 720mm(H); Seat height 430mm]
- 8 **Focus Pedagogy Tables** x 2  
[1350 diameter, Table height 710mm]

Have fun transforming your spaces and creating your ideal break out zones

## Key Product

North Lakes State College Brisbane

## Reinvent your spaces with our Big Softies!

Inspired by the humble building block, our modular Ottomans have been carefully designed to playfully work together in a 'system' of pieces offering the ultimate in flexibility and modularity.

Working better together than apart, our Big Softies will really bring your spaces to life.

Add personality and colour to your rooms

## Library Time

'Library Time' is the ideal secondary Library space, creating an inviting hub for students to study and research as well as participate in group activities.

Our Big Softie settings create inviting social settings, where students can collaborate informally in groups, or work individually. Ottoman backs can be varied in height (low & high) to create additional private booths and vary sightlines.

Our Integrated Bookcases are a clever extension of our Big Softies range, fitting perfectly into a huge range of settings, making them ideal for all your library needs without requiring a separate joiner to make it.

### Creating the space:

- 1 Big Softie S-Curve Setting with Low and High Backrests and Integrated Bookcasing
- 2 Big Softie Senior Bonfire Setting with Integrated Bookcasing
- 3 Big Softie Mini Learning Curve Setting
- 4 Big Softie Bloc Banquette Setting with Integrated Bookcasing
- 5 Big Softie Around the Traps Setting with Integrated Bookcasing
- 6 Big Softie Mini Snake Setting
- 7 Big Softie Learning Curve Setting with Integrated Bookcasing
- 8 Big Softie S-Curve Setting with Low Backrest and Integrated Bookcasing
- 9 Big Softie Extended Learning Curve with Integrated Bookcasing

## Key Product

## Add practicality to your spaces with our integrated Bookcase solutions

With space at a premium and increasing complexity within learning environments, our practical and adaptable storage systems and Bookcases are more important than ever.

Ideal for libraries and common areas, our modular Bookcases are a clever extension of our Big Softies range, fitting perfectly into a huge range of settings.

A colourful and practical way to organise your learning spaces

**Big Softie Senior Bonfire with Integrated Bookcasing**

**Big Softie Learning Curve with Integrated Bookcasing**

## Key Product

**Award winning products, providing the ultimate in comfort and durability for auditoriums and lecture theatres**

Our high performing spectator seating products have been the go-to choice for hundreds of stadiums, grand stands, lecture theatres and halls around the globe.

### Applause

The ultimate in stadium and auditorium seating, Applause offers premium comfort and quality finishes. Perfect for any auditorium requirement.

### Encore

Encompassing state-of-the-art manufacturing technology, Encore is designed for locations demanding improved seating concepts. Sensible and necessary options combined with Encore's comfort, durability, minimum maintenance and ease of installation will satisfy your highest expectations.

### Podium

Podium's unparalleled award-winning design offers the highest quality spectator comfort, strength and durability. It continues to be the go-to choice for spectator seating, and lecture theatres.

### Viva

The ultimate in flexibility, Viva's clever modular design means there is a model of Viva to suit any requirement. With sweeping curves and contoured body, Viva ensures maximum comfort and superior durability for all indoor and outdoor applications.

**Proudly Australian-made and designed for superior comfort & durability**

## Popular Table and Chair Combinations

Our products are designed to work perfectly together, offering you the ultimate in flexibility and comfort

Sebel products are built to be robust, comfortable, good looking and functional – they're also designed for maximum flexibility and multi-modal applications. All our products work together as a system, allowing you to swap and change to suit your evolving learning environments.

Here's a selection of some of our most popular table and chair settings working together:

### MantaRay Settings:

1 MantaRay Tables with Postura Max® Chairs

2 MantaRay Tables with Intellect Wave Chairs

3 MantaRay Tables with Strive Chairs

### Engage StingRay Settings: **NEW!**

1 Engage StingRay Tables with Intellect Wave Chairs

2 Engage StingRay Tables with Progress Chairs

3 Engage StingRay Tables with Postura Max® Chairs

At Sebel, we believe great products make great spaces.

Ever since Harry Sebel decided children deserved something better, we've been focused on creating the best furniture we can.

Our products are designed to perform and provide lasting value to teachers and students as learning spaces and pedagogies evolve.

We're very proud of our products and we're always happy to have a chat about what might work best for you.

**Give us a call and we'll help  
make your spaces look great!**
